The Maha Siddha Nyingmapa Center is a group of students of Dodrup Chen Rinpoche who are dedicated to the propagation of the Longchen Nyingthig tradition of Nyingmapa Buddhism in America. Our principle functions are to sponsor Dodrup Chen Rinpoche’s visits to America and to maintain our temple and retreat facilities as a place for blessing, teaching, and practice.

General Principles

Most of the following policies were either set by Dodrupchen Rinpoche himself or derived from his stated preferences. In general, Rinpoche has said that he would like the facilities to be used by his own students who make an on-going commitment to supporting the place by contributions of money and work. While some of Rinpoche's activities such as blessings or empowerments have been open to wider circles as appropriate, Rinpoche likes his teachings and advice on meditation and practice to be limited to his own dedicated students who will follow through on what he says. As such, though some of our events are open to non-members, certain events especially during Rinpoche's visits are only open to members.

Membership Policy

Requirements:

• Members must be accepted as disciples by Dodrup Chen Rinpoche. Rinpoche has turned over the decision of who to accept as a member to us. The Board must decide.
• Members must maintain regular dues contributions. This will be elaborated below.
• Though no minimum is set, members are expected to regularly perform service for the center in one form or another. Members should volunteer to be on at least one work committee. Please see the attached description of the committee system.

Benefits:

o Members may vote in Board elections and other ballots.
 o Membership discounts.
 o Unsupervised use of facilities for retreat, etc.
 o Permission to stay on Maha Siddha premises overnight.

Details of Dues policy

- Membership dues are currently set at $55 per month.
- Dues for each month are payable as of the first of that month, although members are encouraged to pay the full year's dues at the beginning of the year.
- Once a member begins paying dues, he/she is expected to continue without interruption.
- Members more than three months in arrears lose their privileges until they become current.
- Members who fall behind in dues must make up past dues in order to maintain membership status. An accumulated back-dues debt may be forgiven one time only during a member's lifetime upon request.
- The membership dues requirement may be waived for the caretaker, per negotiated agreement.
- *Work Exchange* - Due to numerous bad experiences in the past, we discourage work exchange in lieu of dues payment. In extreme cases, the board may allow a member to substitute work for dues at a rate of $5 per hour. As with all members, such work exchange members are still expected to perform additional service to the center in addition to meeting the dues requirement.

**Probationary Period:**
Privileges begin after a six-month probationary period of paying dues. The purpose of the probationary period is to 1) allow the new member to demonstrate commitment; 2) give the new member a chance to become familiar with the other members and our way of doing things; and 3) to avoid opportunists who wish to only pay dues temporarily in order to use our facilities or participate in member-only events with Rinpoche.

**Exception to Probationary Period:**
An exception is made in the case of certain new members to allow them to attend Rinpoche's teachings even if they have not been dues-paying members for six months. This is to avoid the dilemma of those new students who do not have another lama and who must wait until Rinpoche arrives to be accepted by him as a student so they do not have to wait until his next visit to receive teachings. In order to qualify for this exception, a new member:

- Must either have been accepted as a disciple by Rinpoche within the past six months or was previously accepted by Rinpoche but only moved to the area and learned of our policy within the past six months.
- Must not be the student of another lama.
- Must become a dues-paying member immediately.
- Must have demonstrated commitment by attending practice sessions and/or making offerings of money, work etc. to the center.

In addition to these requirements, the Board of Directors will use its discretion to decide on such matters. Rinpoche has the final say and can over-rule the board's decision.

**Work**

There are a number of tasks required to maintain the organization and facilities. We try to do as much as possible with volunteer labor to save cost and also to give a chance for members to accumulate merit. In order to make sure that necessary tasks get done and to coordinate projects, we set up a committee system. Members are expected to volunteer on at least one committee.

The current committees and coordinators are:

1) Evaluative Committee: Martha Irwin
2) Building Committee: Richard Weiss
3) Grounds Committee: Ann Lachman
4) Gardening Committee: Ann Lachman
5) Decorating Committee: Connie Bigony
6) Shrine Room: Connie Bigony
7) Chorten: David Dvore

Any volunteer work should be discussed with the appropriate coordinator first. Please see the attached description of the committee system for more details.

Proxy Votes

Members with voting privileges who cannot attend a business meeting may vote by proxy either by submitting a statement specifying particular votes to a board member or by appointing another member with voting privileges to vote for them.

Use of Facilities at Kunzang Choling:

General:

• The facilities are intended for the practice of the Longchen Nyingthig tradition of Nyingmapa. Only Dharmapala practices of the Longchen Nygingthig are permitted on the premises.
• Some events are open to the interested public although certain teachings and practices will be restricted to members especially during Rinpoche's visits.
• Overnight use of the facilities for personal retreat, attending group practices, camping, or any other reason is limited to members only. Only Rinpoche may make exceptions. (This is Rinpoche's request.)
• No advertisements for other centers or other lamas shall be posted without Dodrup Chen Rinpoche's approval.
• No smoking, drugs or illegal substances of any kind are permitted anywhere on the premises.
• Members and visitors are expected to clean up after themselves.
• Please keep noise to a minimum so as not to disturb our lamas or students who are practicing.
• The Temple will be locked when unattended. Those who have keys should lock the Temple when they leave if no other members are present to do so, or if they unlocked it. Non-members must be accompanied by a Member at all times in the Temple.

Temple

• Group use of the Temple is by MSNC only.
• Non-members must be accompanied and supervised by a member in the temple.
• No overnight sleeping is permitted in the shrine room.
• Please show respect by not wearing shoes in the altar room or pointing the soles of the feet toward the altar or Lama.
• The upstairs apartment is Rinpoche's quarters and should only be used by Rinpoche or with permission of Rinpoche. Only those who have been invited or are serving (cooking, cleaning, working, etc.) should go upstairs.
• Any overnight stay more than one night in the downstairs should be scheduled with the retreat scheduler. Scheduling a one night stay is optional but in all cases, priority goes to those who have previously signed up.

Retreats Policies
**Fees:**
Members may stay up to three days without cost. Beyond that, the cost of staying in the cabin is $40 per week and tenting is $20 per week. Retreatants should also pay for utilities, phone, firewood, etc., which they use. Members staying for less than two weeks do not need to pay for utilities.

**Retreat Facilities:**
Current retreat facilities include the basement rooms and tenting. We are in the process of developing a new cabin facility on land inherited from Brian Boland.
- The basement facilities are not intended for long retreats. They may be used for short (less than two weeks) retreats provided that it does not conflict with scheduled group events and there is reason that the other retreat facilities cannot be used. However, this is discouraged.
- The cabin next to the Temple is reserved for the caretaker who may offer it to retreatants but is not obligated to do so.
- In certain circumstances, we may need to host lamas or other guests of Rinpoche. If the caretaker's cabin is needed for this purpose, the caretaker will have first choice of the other facilities. This will take precedence over scheduled retreats.

**Scheduling:**
- Retreats less than or equal to two weeks, henceforth referred to as short retreats, must be scheduled in advance with the scheduler, currently Ann Lachman (413) 339-8339, and must be specific as to start and end dates and which facilities are to be used. If there is no conflict, the retreat will be scheduled immediately. If there are conflicts, then the scheduler must attempt to arbitrate but priority goes to the first person scheduled for a particular time and facility.

Applications for long retreats, i.e. longer than two weeks, must be made in writing to the secretary, currently David Dvore, at least two months in advance and must be specific as to start and end dates as well as which facilities are required. Any special arrangements or requirements should be specified. The secretary must then inform the membership of the request. Conflicting requests for use of the facilities and objections and considerations must be reported to a board member. The board will attempt to resolve conflicting requests and will decide within three weeks of the secretary's notice.

**Miscellaneous Policies**
- No advertisement of MSNC facilities shall be distributed.
- MSNC shall not be represented at any conference or organization of other centers.
- MSNC shall not enter into reciprocal arrangements with other centers.
- All fund-raising activity, letters, etc. directed to the membership, on behalf of the center, or using the center as the receiver of donations must be approved by the board. The board shall prioritize such activities if it is deemed that there is too much competition for donations to allow all activities to proceed at a given time.

**Confidentiality of Financial Records**
The following policy was adopted at the 2001 Annual Meeting:
- We will never pro-actively distribute donor's names or contributions.
• Any info including all donations and expenses is available to any board member upon request.
• Other members may have access to any information upon request except that information about donors names will only be released on a need-to-know basis as determined by the board.
• No info will be releases to non-members unless required by law.

**Maha Siddha Committee System**

The following Committee system was adopted at the 2000 Annual Meeting.

The system was designed for the maintenance of our organization’s physical structures, grounds and functions. By providing a list of necessary jobs members will be free to choose where and how much they wish to participate. It is a self monitoring voluntary honor system. All members are strongly urged to join at least one committee but are invited to join more than one. Commitments of a year to at least one committee is requested. With more people at the Temple contributing to its maintenance then there will be more involvement in making decisions.

It was suggested the intention of members is to perceive their service as practice and to dedicate the merit of their efforts to all Sentient Beings.

The Structure consists of six committees each directed by a manager.

Temple Caretaker policy
At the Annual Meeting 1994 we established the following guidelines which supersede any previous rules:

- It is necessary to have a caretaker primarily to prevent vandalism, spot and take care of emergencies (e.g. flooding, etc.), and routine cleaning/maintenance.
- The caretaker must be a student of Rinpoche or someone approved by him.
- The caretaker must present most of the time. An absence of more than two weeks must be approved by the board.
- Membership dues may be waived for the caretaker.
- The current Caretaker agreement calls for Mahasiddha to pay for utilities. Future agreements may negotiate different terms.
- A clear list of caretaker chores will be compiled and maintained by the board. The terms of Caretaker agreements will be negotiated by the Board.
- The board will review the caretaker situation at least annually to determine suitability of current caretaker and update the chore list.

Caretakers follow the existing list of cleaning and maintenance duties, plus will stock necessities like paper towels, soap, tea bags. They will deal with trash removal. Keep the First Aid kit updated. Also they will prepare the place for those who will retreat.
